

## **RAW: RAISING AWARENESS ON EFFECTIVE WASTE MANAGEMENT**

N° 2021-1-PL01-KA220-VET-000025342.

**start date: 01/01/2022**

**end date: 31/12/2023**

## **THE RAW PROJECT COMES TO AN END!**

The project is slowly moving towards an end. Multiplier events are taking place in each country. Those dissemination events for the project results are the form of promotion of what has been developed over almost two years of joint work.

The obtained intellectual results include a practical manual, a digital course and a mobile application. The main objective of these events was to present the results of the RAW project and to guide interested participants through the project's results and achievements.

See here pictures of some of the Multiplier Events of the project:

### **MULTIPLIER EVENT TOOK PLACE IN CARTAGENA (Spain)**

## MULTIPLIER EVENT IN KATOWICE (Poland)

## MULTIPLIER EVENT IN GABROVO (Bulgaria)

---

Through the hard work and dedication of all the partners, the consortium has been able to deliver an innovative and efficient solution that offers entrepreneurs, trainers, stakeholders, and any interested parties the ability to improve their skills and their knowledge on how to improve the waste management.

Both the Guide and the Application are useful resources for the project's target groups. As the project comes to an end, we are proud of the impact the project creates and the difference it can make in the entrepreneurial sector.
